Managers of Panama-Pacific Exposi-tion Making an Effort to Bring East and West Together.

SAN FRANCISCO, December 14 .-Each year experts pick All-Western, All-Middle-Western and All-Western football teams and compare their rela-tive merits. This annual custom is fol-lowed by the early winter pastime of picking an All-American team, with the Far West yetting little or a con-

lowed by the early winter pastime of picking an All-American team, with the Far West getting little or no attention. This leads to conjecture as to what would happen if the East and West met on the gridlion instead of on paper. In the last few years the Middle West has invaded the East and returned with quite some victories. Gridiron supremacy for the year 1915 will be determined under plans now in preparation by the United States college authorities on the finest gridiron ever built at the Panama-Pacific Exposition, It is planned to bring Eastern college elevens to the Pacific Coast and to pit them against teams of the Western universities. A schedule of games is proposed between Thanksgiving and the close of the exposition, under circumstances where the season is not shortened by witers.

whether the individual played four years in any one branch of sport.

Professor Randle said that this rule was changed at the meeting to provide that a student may engage for four years in each branch of sport, but that the total period of competition for an individual must not extend over more than five years.

New regulations were adopted governing the change of athletes from one college to another. Heretofore students going from one institution to another were compelled to spend a year in attendance at the second institution before they could play on varsity teams. Hereafter they will have the privilege of playing on varsity teams at the second institution during their first year in attendance, provided they have not been members of a varsity team the previous year at another institution.

The next annual meeting of the as-sociation will be held in New Orleans on December 10 and 11, 1915.

### THREE HEAVYWEIGHT **BOUTS ARE ARRANGED**

NEW YORK, December 14.—Jim Coffey, "the Dublin giant," who fights Gunboat Smith at Madison Square Garden to-morrow night, has been matched to fight Carl Morris at the Garden on the night of January 12.

Another heavyweight battle of general interest has been arranged for Christimas afternoon, when Jim Flynn and Battling Levinsky will mix for ten rounds before the Broadway Sporting Club of Brooklyn.

Indications are that the Smith-Coffey bout to-morrow night will be one of the best attended heavyweight shows of the present season.

## FOOTBALL EXPERTS OVERLOOK EVERET

Mass., which, all things considered, ranks as the greatest football team Everett High played thirteen games during the year and won them all. Not

during the year and won them all. Not once during those thirteen games was it scored upon, and its total scoring for those thirteen games was exactly 600 points—a greater number of points than ever has been scored by any eleven: college, high school or otherwise, in the history of the game. Yost's great scoring machine of ten years or so ago rolled up 550 points, but Everett High exceeded this mark by fitty points.

Everett High's average scoring per game was a trifle over forty-six points. Its biggest score was made against the Oak Park High School eleven, of Chicago, champion of the Western section. Everett rolled up eighty points against Oak Park, and if the players hadn't grown tired of running down the field toward the enemy's goal line they could have made it 100 points or more.

Ringing Tech School held Everett to

they could have made it 100 points or more.

Rindge Tech School held Everett to twenty-one points—the best defensive work shown by any eleven that played against the team.

Some folks may ask: "Was Everett's work more wonderful than that of Harvard or the University of Illinois?" and the answer is "Yes."

Everett, of course, was only a high school eleven, but in comparison with other high school elevens it stood so far above any other high school eleven in the country that there was no comparison. Everett played out its regular schedule, and then accepted challenges from two sectional high school eleven, of Chicago, the pride of the West, which Everett at once smothered under that 80 to 0 score.

The Stamford (Conn.) High School eleven, ranking as one of the best developed in the East during the 1914 season, then met Everett. They met them—going toward the Stamford goal line. Everett gave Stamford a 62 to 0 beating—that's all.

Clee O'Donnel was coach of the Everett ateam, and his work this year has given him a national reputation. Many of the college athletic committees who are casting about for new coaches are considering O'Donnel, and the chances are that he will graduate into major league coaching society next fall.

O'Donnell handsome great, natural football material to work with, but O'Donnell taught his men how to play.

The Complete Record.

Those who have written reams about the great football elevens of the year seem to have overlooked entirely the Everett High School eleven, of Everett, Mass., which, all things considered,

visers several years ago.

Can it be possible that he feels hurt because the Oriole manager did not inform him of his intention to move to this city for perhaps he is still smarting at Richmond getting the reserve bank. Athletes with Richmond on their shirts are well able to put up a good argument, and will no doubt draw as well in Toronto and Rochester as the Baltimore Federals do in Indianapolis or Kansas City.

Jack Dunn, Wilbert Robinson, Eddie Col-lins and several friends have shaken off the ceres of baseball, and are now on a hunting trip in North Carolina.

POLO MATCHES TO BE Ans EXPOSITION FEATE

SAN FRANCISCO, December 14.—
John C. Cooley, who managed the Nairagansett Pier and Meadow Brook Poir Tournaments last year, will conduct the universal pole tournaments at the Panama-Pacific Exposition at Safrancisco next year. Mr. Cooley is skillful player and an authority of hunting and pole. Due to his effort pole has caught on in the United States Army, and several presentable teams are being groomed for competitions on the numerous California pole grounds, particularly that at Sat Mateo, which is said to be the hand somest pole field in the world.

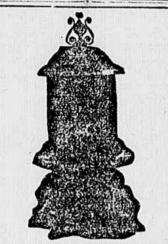

"It is my plan to enter pole team from each of the larger American cities," said Director Cooley, "Of course we will have the 'Big Four' and the fashionable teams of the East, but we want teams from Buffalo, Cleveland Chicago, Boston, Baltimore, Philadelphia, Washington and St. Louis to compete against the real high-class four of the Pacific Coast.

phia, Washington and St. Louis to com-pete against the real high-class fours of the Pacific Coast.

"We will have teams for interna-tional matches from South America Hawaii and Japan, and we have reas-ons to believe we will have teams from abroad, despite the war." The exposi-tion polo matches take place in May and again in the fall, by which time Director Cooley believes the military fours from European countries will be able to participate.
